# Tork PeakServe Continuous Hand Towel system

Washroom experience is important, and the world has never paid more attention to cleaning and hygiene than now. The Tork PeakServe® Continuous™ Hand Towel system offers the highest capacity<sup>1</sup> on the market with up to 250% more towels<sup>2</sup>. Together with one-at-a-time dispensing this means fewer run-out and many more people served between refills. And since people only touch the towels they use, you get a very hygienic hand drying solution that helps you secure the new hygiene standard.

## 250% more hand towels for less refilling and a better washroom flow<sup>2</sup>

- Tork PeakServe® Continuous™ hand towels are excellent for high and peak traffic washrooms
- Faster dispensing serves guests in less than three seconds – 4 times minimising queues in the washroom
- Free up space in storage rooms and cleaning trollies with refills that are compressed by 50%<sup>3</sup>
- Switching from Tork C-fold to Tork PeakServe® will help reduce waste by 28%<sup>4</sup>

# Handwashing Procedure

Wash your hands with soap, water and paper towel

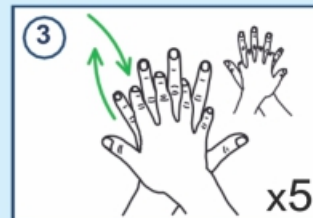

First, rinse your hands under warm water to remove loose dirt

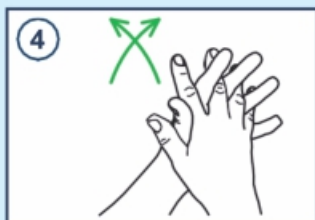

Press the button to deliver a dose of soap

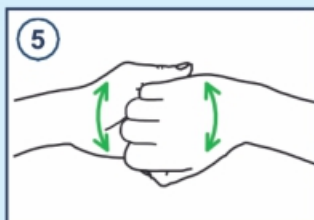

Rub the palms of the hands together to create a lather x5

Rub the back of one hand against the palm of the other, repeat with the other hand x5

Rub the palms together with fingers interlaced

Rub the backs of the fingers against the palm of the opposite hand

Wash each thumb by rotating inside the palm of the other hand

Rub the tips of the fingers of each hand against the palm of the other using small circular movements

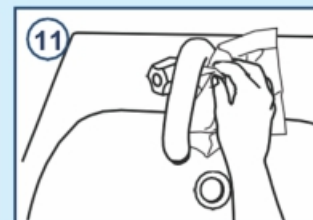

Remember to wash the wrists

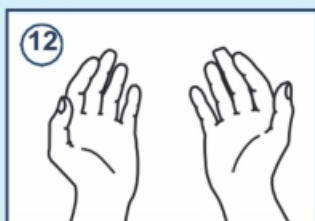

Rinse carefully under running water

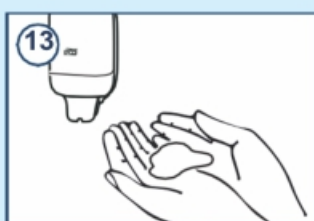

Dry the hands carefully using a disposable paper towel. Remember to dry the spaces between the fingers

Use a paper towel to turn off the faucet

Your hands are now dry and safe

Use lotion if needed

40-60 sec
