**6 Toxicology and First Aid:**

- Eyes: Flush eyes with clean water for 15 minutes, if irritation persists, seek medical attention.
- Skin: Should be no effects but rinse area with water if symptoms arise. Consult a doctor.
- Ingestion: Do not induce vomiting. Wash mouth out with plenty of fresh water. Drink plenty of water and seek medical attention.
- Inhalation: remove the patient to fresh air and keep a rest in a position comfortable for breathing. Seek medical attention if symptoms persist.

**7 Additional Information**

Always use according to manufacturer's instructions.

The information contained herein is based on our current knowledge and experience at this time and summarises to the best of our knowledge the health and safety and hazardous information relating to the product.

The data is intended only as a guide for the handling and safety of the product. We do not assume any liability for the consequences of the use of this product, since it is applied under conditions beyond our control and with which we may be unfamiliar. Final determination of the suitability of use of the product for any particular purpose is the sole responsibility of the user.

Although certain hazards are mentioned, we cannot guarantee that these are the only hazards that exist. We believe the product will perform the task for which it is intended, but do not in any way guarantee it will do so as conditions of actual use are beyond our control, under no circumstances shall we or our agents be liable for any consequential loss arising from its use.
