1 General Description

This biodegradable and totally natural product is designed to help maintain long drops and pit toilets. It acts as a catalyst to the natural biodegrading process of the facilities. The product contains a special enzyme to control the break-down of the contents of the pit.

2 Advantages and Features

- **Totally Natural:** Made from natural ingredients.
- **Biodegradable Formula:** Promotes natural biodegradation of waste.
- **Odour Control:** Helps reduce unpleasant odours from pit toilets.
- **Eco-Friendly:** Safe for the environment and water systems.
- **Effective Cleaning:** Contains bacterial cultures and enzymes that efficiently break down waste.
- **Economical:** Cost-effective solution for maintaining pit toilets.
- **Safe to Use:** Non-flammable and pH balanced.

3 Application

- **Light Duty:** Use 100ml for every 10 litres of water and pour into the long drop or pit toilet.
- **Heavy Duty:** Dilute 400ml of Enviro Pit Toilet cleaner with 9.5L of water and pour into the long drop or pit toilet.
- **Maintenance:** Repeat on a fortnightly basis or more frequently if frequent use of the toilet is expected.

4 Product Technical information

- Active Ingredients:
 - Enzymes
- Available in:
 - 5-Litre container
 - 25-Litre container
- Dilution Required: Yes, as per application instructions.
