General Description: Elevate your washroom experience with trusted and familiar Scott® Control™ washroom solutions, designed to support compliance control in the workplace. Scott® Control™ rolled hand towels deliver the best of Kimberly-Clark Professional™ global quality and innovation, proudly made in South Africa. Scott® and Kleenex® are South Africa's favourite hand towels, with double the preference of the next best paper towel. Scott® Control™ hand towels are softer, more absorbent and stronger than conventional towels, the perfect balance of quality and value designed for busy washrooms. The lightweight 2 ply towel paper is absorbent and strong, even when wet, allowing people to feel clean and fresh after drying hands and providing consistent quality at an affordable price. The gentle industrial paper towels are designed for frequent use in hygiene critical environments, maintaining good hand hygiene without compromising on efficiency. Embossed Scott® logo and patterns deliver an enhanced appearance and feel to every paper towel dispensed, increasing user preference by more than 40%, driving hand hygiene compliance. A sustainable choice, Scott® Control™ paper towel rolls are made from 100% recycled fibres, are FSC certified and the packaging includes 30% recycled material. Thanks to our bio-based core plug, this roll of paper towels is also plastic free, 100% recyclable and fully acceptable in paper recycling stream. These Kimberly-Clark™ hand towels are compatible with the one-wipe-clean Aquarius™ rolled hand towels dispenser in white (code 7375), the #1 South African user-ranked towel dispenser and the most hygienic paper towel dispenser available. This dispenser is fully enclosed which ensures users will only ever touch the towel paper they are using when drying hands, and our touch free dispensers reduce the risk of cross contamination to further support hygiene standards. Efficiency is not compromised with Scott® Control™ paper towel rolls with controlled one-sheet dispensing leading to reduced wastage and costs. The innovative never-run-out replacement roll feature (stub roll) in the compatible Kimberly-Clark Professional™ hand towels dispensers also allows you to place a replacement roll in the system before the original roll has finished, ensuring a smooth transition between roller towels to minimise waste and ensure there are always towels available.
