This Kimberly-Clark™ toilet paper is compatible with the hygienic, fully enclosed Scott® Control™ mini twin centrefeed toilet paper dispenser in white (code 7186), the highest capacity twin toilet roll dispensing system. Centrefeed rolls are fully enclosed which protects the rolls, meaning you only touch the toilet paper sheets you use and also providing exceptional cost in use. Our touch free toilet roll dispensers reduce the risk of cross contamination and their patented loading design helps protect partially used rolls delivering improved reliability and 100% toilet paper availability. Each centrefeed toilet paper roll has 833 sheets and when loaded into the Scott® Control™ mini twin dispenser offers 79% more metres than other centrefeed toilet paper systems. Designed to last more than twice as long between refills, the high capacity dispenser serves 254 more people than a typical twin jumbo roll toilet paper system.
