STEEL WOOL

Page 1 of 2

General Description

Prime Cleaning Suppliers offers **versatile steel wool** products, essential for a range of demanding cleaning, polishing, and stripping tasks across commercial and industrial settings. Our durable steel wool efficiently removes stubborn grime, rust, and old finishes from various surfaces, from heavy-duty cookware to machinery.

Prime tip: Always use with Prime Maxidet or Wetrok Gastrogrill and test on an inconspicuous area first. For best results on rust or tough deposits, use with an intensive cleaner such as Prime Solvdet. Remember to wear gloves to protect hands and discard once the scourer is heavily soiled or worn out.

ITEM	SPECIFICATIONS
------	----------------

CHEMICAL COMPOSITION OF RAW MATERIAL		
Dia of the wire	2.98mm	3.02mm
Grade of the wire	Descale steel wool wire	Low carbon
Break load of wire	610	641
UTS/KG/mm2	87.50	89.53
Carbon %	0.0510%	0.0810%
MN%	0.6120%	0.6360%
SI%	0.0300%	0.0980%
P%	0.0150%	0.0160%
S%	0.0130%	0.0270%
Tensile strength	750	1100
