PLATFORM BROOM HARD

Revision date: 12.08.2025

Page 1 of 1

General Description

Prime Cleaning Suppliers offers robust **Platform Brooms**, engineered for efficient and extensive sweeping across large commercial and industrial spaces. Featuring a wide, flat head densely packed with durable bristles, this broom is ideal for quickly clearing dust, debris, and heavier particles from expansive floor areas like warehouses, factories, and retail environments. Its design ensures maximum coverage with each stroke, significantly reducing cleaning time and effort. Built to withstand rigorous daily use, our platform brooms are indispensable for maintaining cleanliness in high-traffic, large-scale operations.
