METHODS
finder

PROPERTIES

- Practical, thorough, hygienic and extremely economical for dust-binding mopping of all smooth floor coverings
- Ideal for removing dust from all smooth surfaces and floors
- Thanks to the viscose cloths being impregnated with oil, dust, dirt and germs are bound in the cloth
- FIGR certified

for medium surface performance

USE

On all smooth floors and surfaces

METHOD

Dust-binding mopping

GOOD TO KNOW

- Before wiping, activate the cloth by stretching
- The oil capsules burst open and the oil particles bond optimally with the cloth
- The impregnating oil is encapsulated so that the cloth does not dry out before use
- No film forms on the cleaned surface
- For medium-sized surfaces
