DISH SWABS

Page 1 of 1

General Description

Prime Cleaning Suppliers' Dish Swabs are indispensable for efficient and effective dishwashing and general kitchen cleaning in commercial and industrial settings.

Designed for superior absorbency and robust scrubbing power, these versatile swabs effortlessly remove food residue, grease, and grime from dishes, cutlery, and kitchen surfaces. Their durable construction ensures longevity, standing up to rigorous daily use and maintaining hygiene standards. Dish swabs provide a practical and economical solution for busy kitchens, ensuring all your ware washing needs are met with cleanliness and ease.
