PMAT URINAL SCREEN

Revision date: 15.08.2025

Page 1 of 1

General Description

Our wild cherry scent will leave your bathroom smelling rich and sweet. If you like cherry fizzers then this one is for you. The PMAT® 4.0 Bio. Increased weight from 30g to 50g means there is now 40% more fragrance oil than any other urinal mat in the market. Combines the technology of a 30 day (under normal washroom environment) urinal air freshener /deodorizer, with the best splash elimination available. Sized to fit 99% of urinals in the market. The new bio block assists in the breaking down of uric scale (this is where most of the bad smell comes from) in the bottle or U trap in urinals. The revolutionary new design features long protrusions on the top, that diffuses the urine stream while releasing a pleasant fragrance, cutting cleaning time in half and with the new sizing the PMAT® will fit into 99% of urinals keeping 100% of the fragrance and bio power in the urinal.
