WINDOW WASHER T-BAR

Revision date: 15.08.2025

Page 1 of 1

General Description

Prime Cleaning Suppliers offers robust **Window Washer T-Bars**, an essential tool for efficient and ergonomic application of cleaning solution to windows and glass surfaces. These T-shaped handles serve as the base for attaching various washer sleeves (often microfiber or synthetic), allowing for maximum water retention and superior scrubbing action. Designed for comfortable hand-held use or seamless attachment to telescopic poles, our T-Bars provide extended reach and reduce strain during prolonged cleaning tasks. Durable and versatile, they are indispensable for achieving streak-free results in commercial and industrial window cleaning operations.
