OVEN GLO

Page 1 of 2

1. General Description

- Oven Glo is an effective oven cleaning detergent that removes build-up in ovens.
- Oven Glo has a pH of between 13 and 14 making it a powerful degreaser.
- Not intended for use on self-cleaning ovens, soft metals or aluminium.
- Oven Glo carries the SABS SANS 1828 certification mark and is suitable for use in the food industry.

2. Advantages and Features

- Oven Glo can remove heavy dirt build up on oven surfaces with the use of relevant hand pads or brushes.
- Oven Glo is a strong alkaline cleaner that can effectively lift carbon, grease and oil deposits

3. Application

- Oven Glo is to be mixed with water at a dilution of 15% and can be applied to the surface with a spray bottle.
- Oven Glo should have at least 5 minutes contact time on the surface and dirt before using hand pads, brushes or removing with a cloth.
- For heavy dirt deposits, Oven Glo can be re-applied to the surface and a longer time allowed to react before rinsing or wiping.

4. Product Technical Information

- Strict PPE to be used: Gloves, Vapour mask (in closed environments)
- Available in:
 - 5-Litre container
 - 25-litre container
- Undiluted (Product should be diluted with water prior to use)
